

POWER HARROWS

FARMGARD 

RANGER

50 - 130 HP

Medium duty power harrow for tractors up to 110 / 130 hp. Suitable for small agricultural applications.

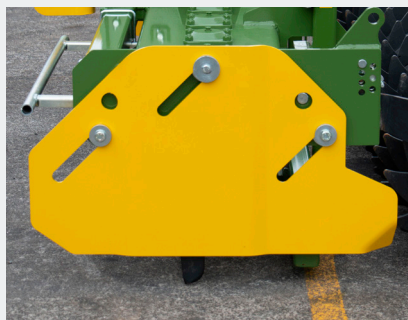

15° Rotor timing

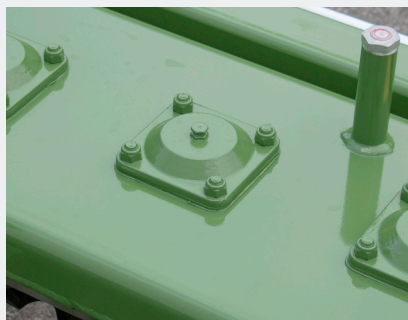

Wide spaced bearings on rotors

Fully welded geared

High resistant side plates

Greaseable top bearings

Leveling bar attached to geared

Features:

- Fully welded geared to give greater rigidity and ensure gears stay "true at all times"
- 15 degree rotor time to reduce horsepower demand and fuel consumption, producing a finer seedbed
- Boron steel tines
- Forged and heat treated one piece rotor shafts
- Greasable top bearings to ensure they have adequate lubrication
- 45 degree moving side plates to ensure flat finish for seedbed preparation
- Hardened gears for long life
- Manual depth control
- Rear levelling bar with winder height control and indicator
- 285mm working depth
- 45 degree sliding side plates
- Shearbolt clutch
