

# Manure spreaders

**ROLLMAX**  
**6325 – 7130 – 8735**

- Capacity from 20 to 37 m<sup>3</sup>
- Hydraulic drawbar, removable drawbar ring
- Bedchain 4 chains
- Beater frame C10 or TCE
- Shotblasting, phosphating, electroplating, oven curing and powder curing

# Standard equipments

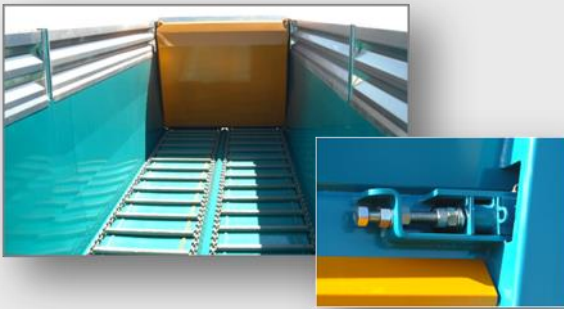

Beater frame TCE with 2 horizontal beaters and spinning deck, HARDOX wear plates

OR

Frame with vertical beaters C10

- Body large volume from 2,10 m width , 1,30 m high
- Bedchain 4 chains 16 mm diameter
- Sides in steel HLE
- Chain tensioners semiautomatic

Drawbar with hydraulic suspension with accumulators for shock absorbers

Bedchain driven by 2 reinforced gearboxes

Centralized greasing

# Optional equipments
