

## SINGLE AXLE

7,000-9,000 L

There's no skimping anywhere in Abbey's tanker range. The single axle models also are built out of high carbon steel, feature inner welding and collared dish ends and, of course, the unique inverted plate on all models that spreads slurry widely and evenly.

**Inverted splash plate**

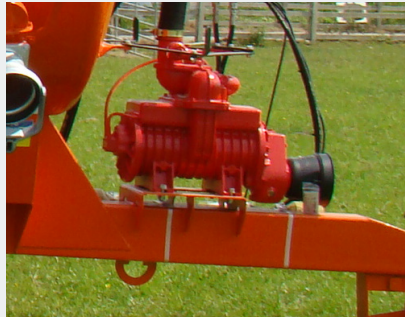

**Parabolic leaf sprung drawbar**

**Pressed dome ends**

**Double trap system**

**MEC 9,000 l/min ballast pump**

**Hydraulic brakes**

### Features:
